#### 2. Reasons for the payment

In order to strengthen our corporate structure, we have basic policy that we would pay stable dividends commensurate in our business performance from a long-term perspective, while taking into fulfilling retained earnings for future business development, such as research and development and capital investment.

Target indicators for returning profits are formulated based on the basic policy, which is set every medium-term plan. Under the current medium-term management plan (FY2022-2024), which was revised last year, we have set a target for a total return ratio of 30% or more and a DOE (dividends on equity) ratio of 3.6%.

The year-end dividend for the fiscal year under review was set at 101.50 yen per share, which would reach the return target, based on comprehensive consideration of the policy and financial position.
